Alison

Diploma - Project Management in Practice

- graduated with pass grade
- skills in initiating, planning and running both traditional and agile projects

Jan 2021 — Jul 2021

The Hong Kong University of Science and Technology on Coursera

Full-Stack Web Development with React

- designed a full-fledged Web client application using Bootstrap 4 and React
- designed a hybrid mobile application using React Native
- developed server-side support for the web application using Node.js, ExpressJS together with database support using MongoDB.

04 SKILLS

HTML & CSS

JavaScript / TypeScript

React

Git

Node.js

Team work &

Communication

Agile

Python

CI / CD

## 05 TECH COMMUNITY ACTIVITIES

---

Mar 2023 — Present

### OutSystems Community Organizer, OutSystems

Munich

- share expertise and build deeper relationships with people of similar interests
- improve leadership skills and exchange knowledge with fellow community leaders
- inspire others and show my passion for OutSystems by leading the Munich User Groups

Mar 2023 — Jun 2023

### Volunteer Teacher - Frontend Development React, ReDI Career School

Munich

- creating materials and lessons for the course
- assessing students' performance in class, mini applications and final projects
- tracking students' attendance and progress throughout the semester
- collaborating in a team of volunteer teachers
- coordinating with the ReDI team to improve the courses and the student / teacher experience

## 06 PROJECTS

---

Jul 2023

### Bank Merge & Co (JPMorgan Chase & Co - Software Developer)

- implemented a UI with a stock price data feed:
  - processed the data feed of stock A and stock price B so that we can analyse when the stock should be traded
- used JPMC frameworks and tools to:
  - fix the client-side web application to display a chart that updates automatically when it receives data from the server application
- visualised data for traders:
  - created a live chart that presents the data feed in a clear and visually appealing way for traders to monitor
